Vincent J. Sharkey, L.F.D.

Dear Friend:

Thank you for your interest in pre-planning and the services that are offered by All County Funeral Home and Crematory.

All County is a full service funeral home establishment and is licensed to perform all aspects of the funeral industry from a simple / direct cremation to a traditional funeral service. Over the past 19 years, All County has grown to be the largest funeral provider in the state of Florida by serving the needs of over thirty-seven thousand Florida Families.

All County offers you and your family the utmost professional service, along with personal care and understanding. Because All County owns and operates its own crematory, which is located on the funeral home premises, you can be assured that the deceased is never transferred to a storefront or remote warehouse for cremation. Because All County is family owned and operated, you will find that our prices are as much as 60% below the prices of corporately owned funeral homes and cremation companies.

Pre-planning is a simple matter to arrange and one of the most important things you can do for yourself and your family. Pre-planning gives you the assurance that your final wishes will be carried out the way you want them to be and relieve your loved ones the stress and burden of making these decisions during a time of need.

Pre-planning fund account is in accordance with chapter 497, Florida Statutes, and the Department of Banking and Finance. When you make pre-arrangements, All County Funeral Home will keep complete records of everything you have arranged and any special instructions. These records will be kept at our corporate office until they are needed. At that time, the funeral director will use these records to provide the exact services that you have selected.

To make pre-planning arrangements, simply call our corporate office's toll free number (800) 443-5336. The counselor for your area will set convenient time to meet with you and fill out the necessary documents.

If we can be of any further assistance to you, please do not hesitate to call our office.

Sincerely,
Katherine McAdams & Tina Leonard
Pre-need Counselors
